

CIRCLES OF IMPACT

The 94 children living at RVCV are at the heart of our mission. However, we recognize that the most effective way to improve outcomes for all marginalized children is to strengthen the community as a whole.

This is why TCF and RVCV have taken a multi-pronged approach to combating poverty through the following community-based programs:

- Gyetighi & Oldeani School Partnerships
- Free Medical Care
- Microfinance Trainings and Loans
- Kids Living with Relatives
